What Parents and Students say...

“

Since Sandra started coaching Jayna personally in her music journey 3 years ago, we saw a marked improvement in Jayna's piano skills. Sandra has been very patient, gentle but firm to correct or fine tune not just Jayna's skills but her understanding, attitude and posture in playing the piano and appreciating music. She will also compliment her when she does well.

Sandra is also very responsible as a teacher and she will frequently update us about Jayna's progress.

We are thankful to Sandra for guiding and inspiring Jayna in her music journey and hoping that Jayna will continue to enjoy music and use her skills to bless others too!

Chin Leng & Lisa Lim, parents of Jayna Lim

Whenever I'm tired and frustrated about not being able to get a particular part of the piece right, Teacher Sandra would always patiently encourage me to try again, and compliment me when I finally manage to do it.

Teacher Sandra also opened the gateway and introduced me to a wider variety of musical instruments and music. Thank you!

Jayna Lim, student

Sandra has taught both my children the piano for several years now and they've excelled in piano playing techniques and grown in their repertoire. She's a very dedicated, responsible and committed piano teacher and paces my children well. She's especially seen my son through his piano Grade 8 and Diploma and helped him through various recital preparation and music theory exams. She's not only trained classically but can also teach improvisation and jazz. She is a wonderful teacher who inspires my children musically!

Esther Tan, parent of Elliot and Elyssa Hwong

Elliot qualified for National Junior College Music programme through the Direct-School Admission, via Music.

I would like to sincerely thank Teacher Sandra for being my children's piano teacher. Both of my daughters have been learning with Teacher Sandra for more than 6 years since kindergarten and is well in-tuned with their progress and needs at various stages of their journey. They have progressed well and have acquired strong music fundamentals under her. She is professional, dedicated, and well prepared, constantly encouraging my children to do their best. Beyond imparting music skills, our children have also learnt from her the values of hard work and perseverance. I am grateful to have Teacher Sandra as our piano teacher.
